THOMPSON STREET CAPITAL PARTNERS ACQUIRES PULSE VETERINARY TECHNOLOGIES

ST. LOUIS (March 20, 2015) – Thompson Street Capital Partners (TSCP), a private equity firm based in St. Louis, announced today that it has partnered with management to acquire Pulse Veterinary Technologies (PulseVet) of Alpharetta, Georgia. PulseVet, (www.pulsevet.com) is a provider of extracorporeal shockwave therapy (ESWT) devices, related consumables and platelet rich plasma therapies for the minimally-invasive treatment of joint and soft tissue disorders in veterinary regenerative medicine. Terms of the transaction were not disclosed.

PulseVet’s ESWT products are sold under the brand names *VersaTron* for the equine market and *VersaTron4Paws* for the canine market. The products represent a technology platform unrivaled in terms of established efficacy, reputation and their ability to treat a broad range of musculoskeletal issues.

Said Jim Cooper, Managing Partner, TSCP, “Pulse Veterinary Technologies demonstrates an exceptional commitment to its customers. Its line of therapeutic devices provide excellent outcomes in the care of animal patients. PulseVet has a well-deserved reputation for quality and advanced technologies and we welcome the opportunity to work closely with the company to help them reach and surpass their growth goals.”
